## Beauty Secrets

The stars and experts share their tips

**you ask,  
we answer**

**Q.** Eva La Rue (Maria, ALL MY CHILDREN) has such clean and clear skin. Can you find out for me what kinds of products she uses? She looks fabulous!

Lisa Nutley  
Westchester, NY

**A.** "Oh, I'm a real elixir collector," laughs La Rue. "I really like the Crème de la Mer. That's amazing on a scar or an already picked pimple. It keeps it from discoloring. It's really incredible in terms of healing. That's really great. I also love a cream called Astará. I think it's the most active one. When you put it on, you get a little bit tingly. But it's fabulous if you've been traveling a lot and your face is dehydrated and you're all crinkly and wrinkly. When you basically feel like you look like crap, you slather this stuff on and it sinks in right away! It's amazing. The next day, you're all plumped up. It's a great overnight savior." Go to [astaraskincare.com](http://astaraskincare.com) to purchase Astará, and for the über-expensive French skincare from Crème de la Mer, pay a visit to a fine department store like Neiman Marcus.

Wonder how a star keeps her skin looking so creamy smooth? Do you absolutely have to know where an actress purchased a dress? Drop us a line and we'll investigate!
