"I tried my first mask [as seen here], and I gotta say I liked it. It caked up and flaked off, and my face was as smooth as a baby's butt." —Rosie

Rosie looks as if she's ready to run off with Barnum & Bailey, but the results are worth it. Astarta's Blue Flame Mask unclogs the T-zone, Violet Flame exfoliates dry cheeks, and Green Papaya aromatherapy soothes blotchy spots. After cleansing, apply the trio once a week for 15 minutes in whatever combo suits your skin. To order: 888-728-9191.
