Products are sampled by the magazine editorial staff. Some products are sent unsolicited, and some we request. Many are culled; few are chosen.

### MASK MARVEL

The color (like creamed seaweed) and scent (eucalyptus-menthol) of this mask just telegraph "good for you." Sensitive skin might find its tingly warm-cold sensation too much, but it's great if your skin is dry. We've gone soft on it. Astara Activated Sea Mineral Mask, 1 oz, \$24, [astaraskincare.com](http://astaraskincare.com) or 877-4-ASTARA.
